

NEYEDC Charging Policy 2022–2023: Rates for Commercial Data Searches

Ecological Data Search

Charges for ecological data searches are based on the products included in the package selected. Polygon / line and buffer searches that cover an area larger than a standard 2km radius search will be charged on a sliding scale and will be quoted for by My LERC. If your data search requirements cannot be automatically quoted for by My LERC we will provide a bespoke quotation based on the charges set out below.

Package	Charges
A: Protected & Priority species records, Sites maps, Habitat maps	From £125
B: All species records, Sites maps, Habitat maps	From £125
C: Protected & Priority species records, Local Sites maps	From £125
D: All species records	From £63
